

# FIND THE LANDING PAD:

## The Trend of the "Helicopter" Parent

**Sunday, February 7, 2010**

**10:00 - 11:30 AM @ Temple Emanu-El**

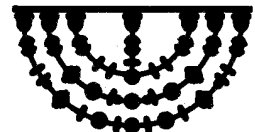

There has been a lot of talk about the phenomena of the over-parenting/ hyper-parenting in the media lately. This session will discuss how the need for our kids to always be happy and successful can lead to over-protectiveness and overinvestment of parents and why it's important to teach our children how to experience failure.
